Tempers Flare At Board Meet

was one of 49 taxpayers meeting with the Canyon School District Board of Trustees Tuesday evening.

DR. CHARLES NESTER, member of the Canyon Independent School District Board of Trustees presents the Board's case as residents appeared before the group to protest tax increases. Nester

encouraged those in the meeting who were unhappy with the Equalization Board to help by serving on the board next year.

School Tax Levy Still Sore Spot

BY MARY ANN WALTER

A group of disgruntled taxpayers hurled verbal brickbats at the school board here Tuesday night at a board meeting at Canyon High School.

The group was at odds with the school board and an Amarillo firm which appraised property for school tax evaluation during the past few months.

"I think they took the shirt off too many of us," (Bailey McCormick).

"Why is it all final?" (Fletcher Sims).

"A man should be able to live on his land. The taxes shouldn't move him off his land." (Joe Wells of Amarillo).

don't think that is fair." (Forrest Gruner).

These and comparable statements were aimed at members of the Board of Trustees of the Canyon Independent School District Tuesday evening.

Approximately 49 residents of Randall County appeared at the regular school board session at Canyon High School forcing a move of the meeting from the office of Supt. Huelyn Laycock, to a small auditorium.

School tax equalization notices were mailed to 4,500 taxpayers in early July and during the week of July 7, 399 Randall residents met with McMorries and Company of Amarillo, tax equalization consultants hired by the Board of Equalization.

Taxes on some properties were said to have been increased as much as eight times in value and the protests are still coming in.

Bank Control Returns To Canyon

Randall Investors Purchase Stocks

Controlling interest in Canyon First National Bank changed hands Friday morning.

Four Canyon businessmen purchased 56 percent and control of the bank. These men are A.W. Lair, an attorney and businessman; and Hosea Foster, Jack Taylor and Dale Williams.

Purchase of 13,200 shares of stock from First Amarillo Corp., headed by Virgil Patterson of Amarillo, provided the first period of completely local control for the bank in over five years.

According to A. W. Lair, spokesman for the group, "We

feel good about it, it should create interest in the community."

"None of us will take an active part in the bank, but we will see that there are good people there to run the bank. The people there now are doing a good job, and we hope that it will work out for all of them to stay in their present jobs. "We are going to sell stock to those people in Canyon that are interested. It is going to be a community bank. "We are

ready to talk to persons who are interested in buying stock. We want as many local residents as possible to invest in it, patronize it and help run it."

When asked when the group first considered buying the bank stock, Lair replied, "About three weeks ago. Mr. Patterson called and asked if we were interested. There are 25,000 shares of stock in the bank. We bought 13,200 and at least half of that is for sale."

"We have no intention of selling the control in the foreseeable future. The control will be in the hands of the four of us and those who buy stock from us. We bought it as an investment."

Concerning the new bank building, now under construction, Lair stated, "It is supposed to be completed about Oct. 15. I expect we will move in about the first of November."

Present First National Bank directors include Levi Cole, Don Standley, James Cole, Jack Jennings, Bill Sternberg, Jack Taylor, Meredith Warren and Lowell Harrison, all of Canyon; Ed Wieck of UMBARGER; and Gene Edwards and Charles J. Harris, both of Amarillo.

According to Lair, Edwards and Harris have resigned. It

is expected that Lair and Foster will assume positions on the board.

Bank officers include Levi Cole, president; D.E. Standley, executive vice-president; Charles "Chuck" Allen, vice-president; Don Vars, vice-president; James Cole, cashier; and Chloe Ann Black, assistant cashier.

A.W. Lair was born in Canyon, attended Canyon High School and was graduated from West Texas State University. Following graduation from Baylor University Law School,

Commission Agrees To Transfer Funds

In a special session Tuesday night, Canyon City Commissioners agreed to transfer \$60,000 that had been on deposit for capital improvement reserve fund to the general fund.

Gary Gwyn, city manager, explained that as this was the off-season as taxes had been collected in the fall and winter, the additional money was needed for general uses. He also said that this was a common occurrence among city governments.

The budget report submitted indicates expenditures for the first quarter were below the first quarter allotment, showing a "plus" of about \$680.

Records also show that of the

\$65,218 requirements for tax and revenue bonds, the first quarterly expenditure was \$14,185.82 with a balance due of \$51,032.18.

Under receipts from all sources, estimated collections total \$470,489 with \$89,084.41 collected for the first three-month period and a remaining balance to collect of \$384,404.59.

Bank balance of all funds are general fund, \$11,279.96; interest and sinking fund, \$26,790.03; water and sewer fund, \$45,832.82; and capital improvement reserve fund, \$60,000, for a total of \$143,902.81.

The commissioners also agreed to study the delinquent tax roll to see if collection could be made.

"We will use whatever means necessary to collect the delinquent taxes," Gwyn emphasized.

He said that about \$2,500 of the \$2,800 estimated for collections by former city manager Dewey Bryant had been collected but that approximately \$30,000 was still outstanding.

Anton Harding in UMBARGER received .73 Sunday and 1.27 Monday. Records he keeps indicate the last moisture received at his farm was .08 and fell July 6.

W. A. "Bill" Wilson east of the city received about two inches during the two-day stint and Forrest Gruner north of Canyon said his gauges showed about .53 for Sunday and Monday.

Little more than an inch was recorded at the Randall County Courthouse.

Collectors Hold First Convention

The first annual convention of the Texas Barbed Wire Collectors Association will be conducted Friday through Sunday with headquarters at the Panhandle-Plains Historical Museum. About 200 members from throughout the state are expected for the meeting.

The group will receive a "red carpet" welcome from the Canyon Chamber of Commerce Saturday morning at 9:30 a.m. and have scheduled general assemblies at 10 a.m. and 2 p.m. Henry McCallum from Tyler will be guest speaker for a

banquet at the Coronado Inn of Amarillo Saturday evening.

Members will meet on the north side of the Museum Sunday morning to trade various types of wire. Chuck Shyles of Fort Worth is president of the organization.

"The barbed wire association was formed for collection and preservation of early types of wire and information on history of barbed wire," said Wayne Brown, chairman of the Historical Committee. "We believe barbed wire had an important part in settling and changing the West as did the six-shooter, Winchester, and covered wagon."

Plans also call for the organization of a national barbed wire collectors association so out-of-state members can be included in the organization.

Concerts To Close WT Camp

A series of concerts by six bands, a choir, and twirlers will close the 14th annual West Texas Music Camp Friday at West Texas State University. Participating will be the nearly 700 junior and senior high school musicians who have attended the two-week camp.

Opening the program at 2 p.m. in the Fine Arts auditorium will be the Junior High (See CONCERTS, Page 11)

Unexpected Visitor

ARRIVING at Pioneer Amphitheatre Monday evening, looking very chic in a burgandy colored summer frock, Miss Lynda Bird Johnson added extra sparkle to the performance of "TEXAS" for members of both audience and cast. Her accessories included black patent shoes and bag, two secret service men,

park rangers, members of the Randall Sheriff's department and Joe Batson of Amarillo. Miss Johnson had been a guest in the J. Ernest Batson home in Amarillo for the weekend. She left, by plane, Tuesday morning for a reported trip to the Bivins Coldwater Ranch.

City Dads Accept Insurance Plan

Voluntary hospitalization and life insurance will be provided in the future for city employees

said Gary Gwyn, city manager. The city will pay all of the costs of the program for the employees, Gwyn said, and will cost about \$2,940 per year. A total of \$3,360 was budgeted, he stated.

Included in the Blue Cross and Blue Shield of Texas plan will be \$14 per day for room and board for seventy days; \$150 maternity coverage; \$400 surgery coverage; \$300 additional accident coverage; \$5 per day for doctor visit for full seventy days; and \$280 for hospital extras. The employees may choose either a policy with or

without a \$25 deductible charge per hospital visit.

Gwyn said most cities in the United States provided insurance coverage for their employees and that Blue Cross serves 103 Texas cities.

City Commissioners voted to accept bids on insurance April 11 and 15 companies submitted bids for consideration. Gwyn said the field was narrowed to two companies and the selection was made from Blue Cross for the policy.

The city manager said that although the plan was voluntary, it would need the approval of 75 per cent of the 35-odd employees involved to make it

Girl Bit; Dog Sought

A search is underway for a large, shaggy dog that bit six-year-old Deane Morse, daughter of Gerald Morse, Monday afternoon. The tan animal has a black spot on its side, has a collar and walks with a limp.

Deane was bitten by the dog near the Medford Trailer Park where she lives and the animal was last seen going south in the 600 block of 6th Ave.

Anyone seeing the dog is urged to contact the Randall County Sheriff's office immediately, for if the animal is not soon found, the six-year-old will need rabies shots.

Week End Roundup Festivities

BY LORENA MILLER

The 77th annual reunion and roundup for old settlers and residents of Randall County was concluded Saturday evening after two days of wholesome fun enjoyed by old and young alike.

Events of the two-day roundup were set in motion early last year by the Canyon Chamber of Commerce which sponsored the old settlers luncheon and the free watermelon feed.

The roundup of activities was highlighted by a parade Saturday afternoon, which featured a number of area riding clubs and the largest marching band in history. The 500 piece band was composed of students who are attending Band Camp this week at West Texas State University.

Events of the two-day reunion were opened Friday morning

with registration for the old settlers reunion at the Student Union Building on the campus of West Texas State University. Some 70 old time residents of the county were present for the noon luncheon and dedicatory address of historical markers by Dr. J. A. Hill, president emeritus of West Texas State University.

Dr. Hill commented that upon his retirement and a lengthy trip through 17 states his wife's statement was "take me back to Canyon". Dr. Hill lauded the pioneers at the reunion for being instrumental in making this land, county, and city the signpost of history that it is today.

Among special guests at the luncheon dedication were Charles Woodburn of the Texas State Historical Survey Committee, Mrs. T. B. McCarter

chairman of the Randall County Historical Survey Committee and several members of the county committee.

Preceding Dr. Hill's address, Richard Pruett, president of the Chamber of Commerce issued a welcome to old settlers to participate in the remainder of activities planned for the reunion.

Joe Gidden, master of ceremonies, read a vendor agreement dated 1906 where J. P. Crawford was given the exclusive right to sell ice cream at the reunion at a charge of \$25. Also on the luncheon program were Steve Hilton and Lil Cowart who presented several musical selections. Hilton and Miss Cowart invited the old settlers to attend a production of the outdoor drama "TEXAS" during their stay in Canyon.

Old settlers and other residents were guests at a "free watermelon feed" which was served on the courthouse square through efforts of the Chamber of Commerce, the University Study Club and the Randall County Sheriff's Posse. Some 3,750 pounds of watermelon were provided for the feast according to Roland Black, secretary of the Chamber.

While the feast was underway, a number of Canyon Jaycees were busy into the night preparing some 800 pounds of barbecued beef for the event which was held Saturday afternoon. The barbecue pits were located just east of the Canyon Fire Department.

Immediately after the watermelon feast, activities began at the second annual "horseshoe pitching contest" which was sponsored by the Canyon Rotary Club. Some eight teams and 14 individuals were entered in the competition Friday evening according to Joe Gidden, chairman.

First place team trophy was captured by Frank Udem and David Conatser, West Texas State University students who were sponsored by the Canyon Kiwanis Club.

Runnerup in the event was a Canyon Jaycee team composed of Jim Scott and Wayne Edmondson. Trophies in the individual competition were awarded to Sidney Laxson of Dallas, first, and Frank Udem, runnerup.

Also underway on the courthouse square Friday evening was a "young people's dance" which was sponsored by the Canyon Kiwanis Club. A large number of youths participated in the event according to Bennie Cooper.

Throughout the day Friday, Jaycees were combing the courthouse square for "unwhiskered ones" without shaving permits. Several local residents took a dunk in the horse-tank including Sheriff L. S.

"Slim" Johnston, Johnny Janak, city clerk, and Danny Hudson of Bellah's Super Market.

Saturday's events opened at mid-morning with the Bingo Booth sponsored by the Canyon Jaycee-Ettes. The booth remained open throughout the afternoon until about 9 p.m. and a large number of local residents were seen at the activity.

Also in operation throughout the day Saturday, were soft drink concessions operated by local Boy Scouts and a booth selling homemade ice cream, which was operated by the Beta Sigma Phi chapter of Canyon.

The "beard contest" sponsored by the Canyon Jaycees was held at 4 p.m. on the east side of the courthouse square with Bill Wilson, justice of the peace, and Lee Webb and wife of KFDA-TV in Amarillo as judges for the event.

First place prize of \$50 cash and plaque was awarded to Jim Cox of Happy. Second place award of a plaque and \$10 was presented to Carl Miller and the third place plaque went to Jim Simon.

Sheriff L. S. "Slim" Johnston led the parade as marshal and was followed by the colorbearers from local Boy Scout units. Numerous out of town riding clubs participated in the afternoon parade with San Angelo Saddle Club receiving the first place honors for senior clubs. Other trophies presented to riding clubs in the parade were Swisher County Sheriff's Posse of Tulia, second senior club; Hereford Riding Club, third senior club; and Hart, first junior club.

Also riding in the parade were the Randall County Sheriff's Posse of Canyon, The Rolling Hills Riding Club of Amarillo, the New Deal Riding Club, and the Range Riders of Amarillo.

A marching band of 500 bandmen from the West Texas State University band camp participated in the parade to receive applause as the largest marching band in history. The band students represented a tri-state area according to Dr. John E. Green.

Also featured in the parade was a singing group from "TEXAS" which is held nightly in Pioneer Amphitheatre in Palo Duro Canyon; the Amarillo Air Force Base drill team; local Volunteer Fire Units; a float featuring Canyon's baseball activities; the Canyon High School cheerleaders; the Model-A club of Amarillo; the Amarillo Shrine units of motorcyclists; miniature trains from the Santa Fe Railway and Borden's Milk; locally owned antique cars; jackpot riders from Canyon; and several other groups.

At the conclusion of the

parade, serving lines for the annual Jaycee barbecue were opened on the west side of the courthouse square. Approximately 700 persons were served at the barbecue lines which remained open until 7 p.m. Additional barbecued rolls of meat were sold by the pound to local residents.

The World Championship Pony Express Race was held during the evening at the Randall County Sheriff's Posse arena, east of Canyon. Parade trophies were presented, following the grand entry, by Miss Kathy Hufnagle, queen of the RCSP. The Pony Express Race was ran between two teams at one time, inside the arena. Each team was composed of eight riders who passed the saddle bags from one teammate to another and the last rider drops the bag into a 30 gallon drum in the middle of the arena.

A "travelling saddle bag" was presented to the Swisher County Sheriff's Posse of Tulia as first place winner of the World Champion Pony Express tournament.

The Swisher County Sheriff's Posse of Tulia was declared the winner with the highest percentage of wins. The travelling saddlebags must be won three years in a row to become

the personal property of the winning club.

In addition, trophies were presented to the Randall County Sheriff's Posse, second; and the Hale County Sheriff's Posse of Plainview, third. Also placing in events were Hereford, 4th; San Angelo Saddle Club, 5th; and Rolling Hills of Amarillo, 6th.

Wayne Gish of Amarillo won the RCSP drawing for one-half of a beef which was awarded at the Pony Express race.

Events of the two-day roundup were concluded Saturday evening with a "square dance" on the courthouse square with several out-of-town square dance clubs participating. The dance was co-sponsored by the Canyon Chamber of Commerce and the Canyon Capers, a local square dance club.

Knox Day was caller for the evening dances which were participated in by the Chiefs and Squaws, Levis and Lace, Ye Olde Squares and Reddi Squares, all of Amarillo, and the Sugar Squares of Hereford.

Events at the annual Lion's Club carnival were staged Monday through Saturday evening on the grounds adjacent to Rex Reeves Elementary School. Carnival rides, booths, and food concessions were provided.

Horseshoe Champs

FRANK UDEM, left, and David Conatser won the team trophy in the "horseshoe pitching" contest sponsored by the Canyon Rotary Club Friday evening. Placing second in the event was a Jaycee team composed of Jim Scott and Wayne Edmondson. Udem repeated for runnerup position in the individuals meet which was won by Sidney Laxson of Dallas.

Judging Fuzz

LEE WEBB, left, news director for KFDD-TV in Amarillo was caught in action while judging the "whiskers" of Jim Cox who won first place plaque and a check for \$50 in the Jaycee beard contest Saturday. Carl Miller took second place plaque and \$10, and Jim Simon won third place plaque in the annual contest.

IF YOU HAVE ACNE DO SOMETHING NOW

Pimples, blackheads, blemishes and boils can make life miserable. They often can be controlled or eliminated by proper care. If neglected, permanent scars may develop. We have some helpful products any one can use safely. But if acne constantly recurs, it is wiser to consult a physician.

Acne is caused by poor adjustment of the skin to the secretions of maturing glands. It is not caused by dirt, but frequent washing clears the plugged oil glands to prevent blackhead formation. A blackhead is not dirt. The black color is from a chemical change in the secretion. Around the age of 18 or 19 acne usually vanishes, but until then don't neglect proper care.

Letter To The Editor

July 25, 1966

Sir:
Why do grown men no longer remove their hats when the American Flag passes in review, such as it did Saturday in the Randall County Round Up Parade, like they did when I was a little boy and my daddy took me to parades. He always did.

Lynn Adams

P.S.
I saw only one man take off his hat.

Among the merit badges he has earned are first aid, personal fitness, swimming, motorboating, pioneering, cooking, reading, pets, music, camping, safety, lifesaving, sculpture and wood carving, wild life management, scholarship, nature, soil and water conservation and citizenship in home, community and nation.

The honor court was opened by Lynn Salmon, master of ceremonies, as a flag ceremony was presented and special

guests were recognized by Salmon.

Luke Miller, institutional representative, announced the resignation of Leroy Moreland as scoutmaster and introduced the new scoutmaster Bob Brotherton.

Brotherton spoke briefly to the troop "commending the work of Moreland and challenged members of the troop for continuous high standards." He also asked for support of the troop and parents for the administration of the troop and presented Ross Russell as assistant scoutmaster.

Some 89 merit badges were awarded to 28 boys by the new scoutmaster, Brotherton. Second class award was presented to Gary Hair by Harold J. Prichard. Prichard also presented first class awards to Robbie Carter, Ronnie Cates, and Earnest Williams.

Star awards were presented

Japanese Traveler Visits Canyon Folks

BY LORENA MILLER
Masaru Terasaki of Toyama City, Japan was a weekend houseguest of Mr. and Mrs. Kenneth Olsen of Canyon last week.

The visit was "by-chance" according to Mrs. Olsen who described the meeting of herself and Terasaki. Mrs. Olsen had been visiting with her parents, Mr. and Mrs. E.B. Everett, in Artesia, N.M. and was returning home by bus when she met Terasaki.

"We just got to talking on the bus and I invited Terasaki to Canyon to see the country and see a program of 'TEXAS' during his worldwide tour," commented Mrs. Olsen.

Terasaki was on the bus returning to Portales, N.M. after a tour of Carlsbad Caverns. He has been calling Portales "home" for the past month, where he is a houseguest of Mr. and Mrs. J.W. Knapp and family. Terasaki first met the Knapps while they were stationed in Japan with the armed services.

"Mrs. Knapp taught me how to speak English and when they left Japan they invited me to someday visit with them in America," related Terasaki. Terasaki, 23, is a native of

Toyama City, Japan, which is located northwest of Tokyo on the Japanese seashore. His father is a general practitioner in his hometown and he is the eldest son of the family. The Terasaki family includes two younger brothers and an older sister.

The Japanese traveler is a graduate of Chuo University in Tokyo with a degree in civil engineering. He has travelled to the United States on \$500 borrowed from his father. Terasaki spent two weeks in Hawaii before arriving at San Francisco in late April. During his tour, he has visited in 13 states.

Terasaki speaks fluent English and Japanese and has studied German. He has travelled 6,500 miles on his trip "mostly by bus".

While making Portales and the Knapp home his headquarters, Terasaki has made a number of short swings around the country by bus, having learned that hitchhiking is not looked upon as favorably here as in Japan and other countries. The 6,500 miles he has travelled since arriving in the United States has taken him to San Antonio, Dallas, Houston, Oklahoma City, Denver, Kansas City, Minneapolis, and Colorado Springs.

"If I had a lot of money for this trip, I probably would be tied down to a strict schedule," said Terasaki. "This way I see beyond the surface of things. I really get to know people and see things the average tourist never notices."

On each of the trips he has made in this country, Terasaki said he has had two distinct choices of where he will spend the night.

"I either hang my hat in the home of a friend, or in the bus station," he said. "Without a lot of money for the trip, I must use my brain and that's good for me."

"This country is about 21 times as big as Japan," said Terasaki. "People all over are about the same. I have met a lot of friends and all have been so kind to me."

During his stay in Canyon, the Olsens showed Terasaki a performance of "TEXAS", took him swimming at the Canyon City Club, toured the city itself, and toured West Texas State

University. Terasaki returned to Portales before attending the annual Randall County Roundup. "I'd love to stay for all of the celebration," said Terasaki "but must return for a reception in Portales honoring myself and some French students who are visiting with the Knapps."

Terasaki is talented at playing the guitar and has composed the music to a favorite song "Be Sure", with words written by a friend. He plans to return to Canyon and visit with the Olsens again in early August just prior to his departure by plane for New York City and Washington D. C. where he will visit with friends.

His fondest wish when he gets to Washington is to meet the President and "just visit with him a little while."

By September he plans to be in London and the rest of his year's journey will include stops in England, France, the Netherlands, Germany, Denmark, Sweden, Switzerland, Austria, Spain, Italy, Greece, Turkey,

Egypt, Pakistan, India, Thailand, and then home to Japan. Terasaki plans to return home by March of 1967 "if I'm not sidetracked into staying away longer."

"When I get back home I will have a very big heart for the many fine people I have met and the things I have learned in this year abroad," said Terasaki.

"I feel I have been very lucky to make this trip, because to me the most important thing in the world is to understand one another."

Promotion For Two Local Men

Two local men have received early promotions in Army pay grade to private E-2 on completion of basic combat training at Fort Bliss, Tex. in early July.

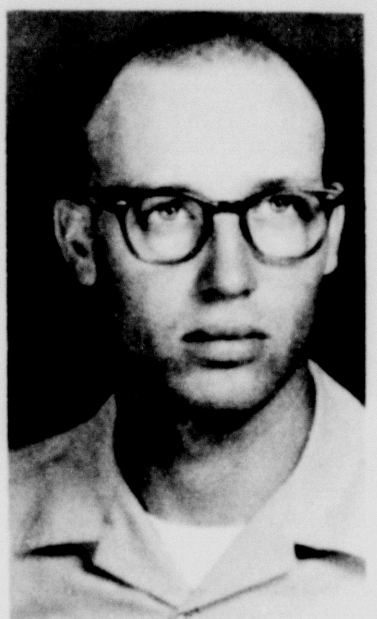

Receiving the promotions were Ronald J. Bourland, 24, son of Mrs. Genelle Bourland of Canyon, and Robert L. Irvine, 24, son of Mr. and Mrs. Edgar A. Irvine of Happy. Irvine's wife, Judy, lives in Phoenix, Ariz.

The promotion awards were made two months earlier than customary because of the two men's score in firing the M-14 rifle, high score on the physical combat proficiency test and military bearing and leadership abilities.

Stevens Completes Training

Cadet Jerry Stevens of Happy has completed the U.S. Air Force Reserve Officers Training Corps summer encampment at Altus Air Force Base, Okla.

Cadet Stevens is the son of Mr. and Mrs. Clifford Stevens

JERRY STEVENS

of Route One, Happy. He observed and took an active part in flying and support phases of operations at Altus during the month-long summer training period.

A member of the AFOTC unit at Texas A & M University, Stevens will be eligible for a commission as an Air Force second lieutenant upon graduation and completion of AFOTC training.

Stevens is a 1963 graduate of Happy High School.

Stolen Barricade Recovered

A City Water Department barricade, taken from 7th Ave. and 16th St., was found by Canyon Police officers at 18th St. and 1st Ave., said Chief L.D. Caldwell.

The barricade, placed over a hole in the street where water line repairs were in progress, was not damaged.

City Manager Gary Gwyn said not only was the theft a violation of the law that would be strictly enforced but a hazard was created when the barricade was removed.

In recent weeks, flags from another barricade and a water meter box were stolen, both creating a traffic hazard at night.

MONEY TREE bearing \$85 was presented to Mattie Vandergriff Sunday afternoon as she was honored on her 82nd birthday with a party given by her children. The unusual gift features pennies decorating the flower pot, bills tied with bows, and silver clustered in net bags.

rain. The summer showers missed other portions of the county. Now is the critical time for the grain sorghum crop. Early planted fields are heading and are at the peak of water use. Most irrigation schedules are running behind.

Glynn Burrell is trying his luck with a new crop. He is growing 35 acres of pinto beans on his farm just west of Bell Avenue in Northern Randall County. Glynn is growing the Juna variety of bean and hopes to market the crop through the new company which is now being established in Stratford, Tex.

Stronger prices and increased acreage have given wheat farmers some encouragement. If timely late and fall rains develop then Randall County farmers could put in the largest wheat crop in many years. Since the time of the Korean War wheat has been a surplus crop. At this time the carry-over of wheat stocks is much below average.

Spraying garden plants to protect the plants from grasshopper damage is generally not effective. Instead of putting the insecticide on the garden, growers should spray the grassland and weed patches around the garden for effective control.

Memberships Available At Canyon Club

Associate memberships for the Canyon City Club are presently available according to Charles "Chuck" Allen, chairman of the board.

Memberships sell at \$50 plus \$10 per month and afford the buyer access to all facilities at the club with the exception of a building site and vote on the executive board.

"We are hoping to get 130 associate members enrolled by the opening date of our new facilities," commented Allen.

All persons interested in associate memberships should contact Allen or other members of the executive board including Alfred Daniel, vice president, Charles Hillier, secretary-treasurer, Marvin Fite, Riley Troth, Charles Hoover and Jack Swartzell.

Picnic Is Sunday

Annual "all-church" picnic for the First Methodist Church of Canyon will be held Sunday afternoon at Ceta Canyon Methodist camp grounds.

Picnic events will begin at 2:30 p.m. with recreation of volleyball, swimming, biking, and fellowship.

Supper will be served between 6-7 p.m. and the evening worship service will be conducted immediately after the supper.

An invitation is extended to church members and guests by the pastor, Rev. Newton Starnes.

Mrs. Vandergriff Observes 82 Years

The 82nd birthday of Mrs. Mattie Vandergriff was observed Sunday with a family reunion at the home of her daughter, Mrs. Audrey Stroup. Born August 4, 1884 at Lipan, Hood County, Tex., Mrs. Vandergriff was the daughter of Mr. and Mrs. Joe Simpler. She was one of three daughters born to the Simplers. Her sister, Mrs. Sallie Shaver of Lipan was in attendance at the birthday celebration Sunday afternoon.

The other sister, Mrs. W.A. Black, is deceased. Mrs. Vandergriff was married April 15, 1900 to the late W.L. Vandergriff. Born to this union were nine children, including one deceased.

A resident of Canyon for 30 years, Mrs. Vandergriff first came to the Panhandle 42 years ago. She has 18 grandchildren and 18 great grandchildren.

Mrs. Vandergriff's children present for the birthday celebration were J.D. Vandergriff and wife of Lubbock; George Vandergriff and family from Fort Lauderdale, Florida; Mrs. Oscar Evans and family of Tulsa; Mr. and Mrs. M.C. Vandergriff of Amarillo; Clois Vandergriff and wife of Dumas; Vaughn Vandergriff of Canyon; and Mrs. Audrey Stroup of Canyon. Unable to attend was a son, W.R. Vandergriff, and family of Happy.

Grandchildren and great grandchildren present for the occasion were Dorinda Powers, Mr. and Mrs. Bob Berry and Betsy of Tulsa; Joe Vandergriff of Lubbock, Mr. and Mrs. Ira Prichard, Gary, Linda, Randy and Mark, and Gaylord and Loraine Stroup of Happy.

Out-of-town guests present for the occasion were Mrs. Norma Taussig of Pennsylvania, Thomas Black of Berger, E.L. Cummings and wife of Amarillo, Mr. and Mrs. McNeil, Mr. and Mrs. Bobbie Gafford of Lubbock, Mr. and Mrs. Miles Cox and Mrs. Simpler from Hart.

FARM SAFETY WEEK proclamation was signed Tuesday by Randall County Judge Lloyd King. Looking on for the official signing is Raymond Batenhorst, second vice president of the Randall County Farm Bureau. The special observance began Sunday and will continue through Saturday.

Farm Safety Proclamation

WHEREAS all the citizens of Randall county are deeply concerned about the safety and well-being of farm families from whom we receive our abundance of food and other essential agricultural commodities; and

WHEREAS farm and ranch accidents reap a grim harvest of approximately 150 fatalities and thousands more suffer painful disabling injuries each year in Texas, plus the great economic loss, causes profound physical and psychological damage suffered by members of farm families that are involved; and

WHEREAS the President of the United States and the Governor of Texas have proclaimed the week of July 24-30, 1966, as FARM SAFETY WEEK;

WHEREAS during this special week, a statewide farm accident prevention education program will be undertaken by the Texas Farm Bureau, the Texas Farm and Ranch Safety Council, the Texas Agricultural Extension Service, the Texas Safety Association, 4-H Clubs, Future Farmers and Future Homemakers of America, Young Farmers and Young Homemakers of Texas and the Randall County Farm Bureau with the theme "Safety Is Victory Over Accidents"; and

WHEREAS such a campaign can do much to call to the attention of our rural citizens the need for observing safety practices which would reduce the tragic toll inflicted by accidents;

NOW, THEREFORE, I Lloyd King, County Judge of Randall County, do hereby designate the week of July 24-30, 1966 as FARM SAFETY WEEK in Randall County and urge all farm and ranch families to become more safety conscious and help reduce deaths and injuries caused by accidents.

IN OFFICIAL RECOGNITION THEREOF, I hereby affix my signature this 26th day of July, 1966.

Moore Tours With University Group

Wam Moore, son of Mr. and Mrs. William A. Moore, co-directors for "TEXAS", musical-drama in Palo Duro Canyon State Park, is spending the summer in Europe as a member of a tour sponsored by the Student Union Board at the University of Michigan.

He was one of the students chosen to be admitted to the Honors Program of the University this year. This is a plan for students who have demonstrated during their freshman and sophomore years that they are qualified to enter the accelerated courses.

Moore completed his sophomore year in April and was the guest of a classmate, Robert Eikenel, at his home in New York City before the tour departed in May.

There are over 200 University of Michigan students in the group but on arrival in Europe they were divided into small groups to go to countries in which they had special interests and to attend festivals, concerts and other related affairs according to their fields of specialization.

Moore stopped briefly in Paris to visit Rose Ellen Parker before her return to Canyon and then he went to Greece where he spent several weeks attending theatre productions of the various festivals.

In late July he will be in Salzburg, Austria for the Mozart Music Festival. He will conclude his tour in Great Britain where the entire student group will re-assemble for the return flight.

He expects to spend a few days with his parents before returning to Ann Arbor for his junior year at the University. He has written that he is especially anxious to see a production of "TEXAS".

Moore was a member of the cast of "Thundering Sounds of the West", last summer's production in the Canyon and also appeared in "Fandangle", the first production in the Amphitheatre.

He is expected to return to Canyon from New York Aug. 13.

State Park Gets Funds

Federal Bureau of Outdoor Recreation approved \$271,494 in matching funds for the development of facilities at Palo Duro Canyon State Park.

Total cost of the project will be \$542,988. Included in the program are two concession areas, 26 trailer-camp sites, 45 tent-camp sites and 75 picnic sites, in addition are such miscellaneous items as restrooms and showers, an interpretive building and a park headquarters building.

Mrs. Wm. R. Wilson and Mrs. Ada Crager have returned from two weeks of studying at the Church College of Hawaii.

In attempting to defend the position of the Board, Dr. Charles Nester said, "We couldn't borrow another \$500 if we had to. The bonding companies told us to get the evaluation up to a realistic figure. Your properties are undervalued."

"The Equalization Board said no, it is too big a job for us. Get some bids."

Nester indicated that the Board felt that the most accurate way to handle equalization was to get a company who "knows property values." Five companies over the state were investigated and the lowest bid, from the McMorries firm, was

in the survey were automobiles, trucks, farm machinery and school buses.

On the motion of Commissioner B. R. Jones, it was agreed that Randall County would pay as much as \$10,000 toward the purchase of the crossing guard. The motion was seconded by Bill Butler.

In other action the Court accepted a low bid of \$750.70 from Southwestern Office Supply in Amarillo for six sections of roller shelving for the office of County Clerk Tom Lair and agreed to pay \$100 dues to the County Judges and Commissioners Planning Association of Texas.

A promissory note, in the amount of \$465, was accepted from a South Amarillo woman who has received indigent assistance from the Court in the past year.

The note, secured by a second lien against the woman's home, is in return for house payments made by the Court during 1965-66.

Acceptance of the note was approved by Commissioners Glenn Dowlen, Clarence Beckman and Bill Butler with B. R. Jones abstaining.

effectively. Initially, coverage will be offered to all members of the group, their wives or husbands and dependents and new employees will be given the opportunity to participate in the program as they are hired by the city.

In the event an employee resigns from the city, he will have the opportunity to continue the coverage provided he assumes all costs and handles his own payments, Gwyn said.

The policy--also used by Neblett Hospital and Clinic--will provide a \$1,000 double indemnity life insurance plan.

Class Reunion

REUNION FOR THE GRADUATES of West Texas Demonstration High School in 1946-47 was held Saturday evening at the East Dining Hall of West Texas State University. Approximately 60 of the graduates were registered from throughout the Panhandle and several states. Among

accepted. Nester expressed the opinion that the Board was convinced that the best man for the job had been hired to which someone in the audience said, "And the cheapest!" Nester replied, "We feel we got the best and the cheapest."

When questioned as to "Who investigated this man?" Jerry LaGrone stated, that several members of the equalization board had checked personally by driving to towns serviced by the McMorries firm to question persons involved. Cities visited included Tulsa, Dimmitt and Hereford.

Immediately the questions came, "Did you go to Dumas? What about Dumas?" "The Board replied that the equalization in Dumas had taken place after the hiring of the McMorries firm by the Canyon schools. McMorries and Company has handled equalization for the Dumas School District, the implication being that Dumas residents were displeased with the results.

Most persons present objected not only to the amount of increase in their taxes, but to procedures used by the appraisers.

The taxpayers contended that the words used "over and over" by the tax firm were "future potential value" and according to Joe Wells, "You can't use future potential" to set the valuation of property.

Most agreed they had received the "run-around" when they tried to inquire about their taxes at McMorries and Company. Others expressed the opinion that changes had been made after the equalization hearing and that this is illegal.

According to Fletcher Sims, "I've even heard they are working on these things at home."

Another taxpayer, Thomas Thompson of Amarillo asked "Did this board have the benefit of legal advice?" To which chairman Joe Gill, replied "No."

As to what can be done about the situation, the protesters received little encouragement from Gill, "You will have to wait until the next equalization board meets." This will be next year. Other than this, the only recourse available is "through the courts", according to Jerry LaGrone.

As the two-hour protest came to a close, taxpayers lingered in the school corridors, still not satisfied with the results, and planning another course of action.

Members of the Board of Trustees adjourned to the office of Supt. Laycock to begin a regular business session.

In the regular meeting members of the board discussed the possibility of combining the city and school tax offices, the hiring of new teachers and applications for the position of school tax assessor-collector.
